Basic learning in English

- In English we aim for all pupils to develop their reading, writing and speaking and listening skills. We want children to develop a love of books and experience the joy of reading for themselves and with others.
- Key learning in English at home can involve pupils:
 - Reading as much as possible. This can be with adult support or individually. They can read or listen to someone else read to them, both are excellent for vocabulary development.
 - Writing for a range of purposes. This could be letters, Post cards, blog posts, newspaper articles, stories, or poems to name but a few. [Click here](#) for examples of different type of writing.
 - Verbalise! Talk about what you have read/ written, discuss reasons for choosing words. Make predictions about what will happen next in a story.

- [Click here](#) - choose a word of the day. Explain the meaning. Have a challenge between adult and child to see who can say the word the most during the day. Pupils need to hear a word used over 10 times before they understand the context over using it for themselves.
